

We are proud to be the Official Birkenstock Repair Shop.

Classic Sandals, Clogs, Thongs, and London styles:

Resole: new outsoles and minor cork repair, cork sealant, and light upper care.

Resole & Recork: new outsoles and new cork on all visible surfaces as needed, cork sealant, and light upper care.

Recraft: our most popular repair! Send your really tired Birks, where the only thing left are the straps that have all those years of character, and we'll put them back on a new footbed, new outsoles, seal the cork, lightly clean the uppers, and get them back where they belong on your feet!
Select from two Footbeds: Classic and Soft.
